OFFICE Redding

Avery Koenig is an Associate Attorney with Hanna Brophy's Redding office. She earned her Juris Doctor from Cal Northern School of Law in Chico, California.

Avery has been immersed in the workers' compensation field for most of her life, having grown up watching her father practice as a workers' compensation defense attorney. Her professional journey with Hanna & Brophy began as a file clerk, followed by a role as a paralegal. After obtaining her law license in October 2021, she transitioned into the position of Associate Attorney.

Following the birth of her second daughter, Avery took a year away from the practice of law to focus on raising her family and assisting her husband in launching their automotive repair business. She is now excited to return to Hanna & Brophy and continue providing dedicated representation and service to clients.

Outside of the office, Avery enjoys baking, gardening, and caring for the farm animals on her property. She values spending time with her family and embracing the rural lifestyle she calls home.
